NB If you would like to view your paper, you should go to the 'ricevimento' of the lecturer that marked it, as specified in the rightmost column by way of the abbreviations: MB (= Bagli), CB (= Broccias). NB This may **NOT** be the lecturer of the group ("Frazionamento") you belong to. Please remember that you need to have your final mark signed by the lecturer whose **Frazionamento** you belong to. Your **Frazionamento** appears in your study plan.

Abbreviations: F = Fail, MB = Bagli, CB = Broccias

If your score is a number followed by an "*", this means that your 'theory' score is less than 18 but your overall score (the average of theory + practice) is a pass (i.e. you have passed the whole exam).

If your score is F*, this means that your 'theory' score is less than 18 and that your overall score (the average of theory + practice) is also less than 18 so you will have to retake the 'theory' part (as well as the 'practice' part if the 'practice' part is less than 18).

If your score is a number not followed by an "*", then the score you see is your 'theory' score. This score will be averaged with your 'practice' score (when it becomes available) and if this average is 18 or above, then you will have passed the exam.
